

# **SITESAFE**

Barricade Sales, Rentals, and Installation Services

## **SERVICES**

Site-Safe now also provides full-service installation for Yodock water-filled barricades on your project site. We set the barricade on your pre-marked location, add the anti-freeze agent, supply the water, and install the fence panels. This keeps your workers focused on tasks that keep your project moving towards completion.

## **SERVICES INCLUDE**

- |                    |                       |
